## Chapter 1 by EmeraldSprinkle

Thousands of years ago, in the elven village of Akri, the twelve Zodiacs were not Zodiacs, rather elves in the village. Some got along better than others. Aries never got along with Cancer or Capricorn, but Taurus got along quite well with Virgo and Pisces. Perhaps the tightest of any of the Zodiacs were Pisces and Cancer. The Zodiacs led normal lives as any other elves and made mistakes all the same.

## Chapter 2 by Evelyn

One day though, Cancer went out for a walk in the forest to see the fish at Riaku Pond. But as she got to the pond, she felt a sense that something was following her. Just as she got to the pond someone whispered in her ear, "Hello, Cancer."

Cancer jumped and turned around quickly to find (no surprise) Pisces. "Hey, Pisces. What are you doing out here?" Cancer asked as she sat down on a rock next to the pond.

"Oh, I just wanted to get out of the village. You know how insufferable Aries can be." She responded, sitting down next to Cancer.

"Yeah, Aries can be pretty irritating sometimes. Ooh! Look, Pisces! A fish!" Yelled Cancer. She repeatedly whacked Pisces' arm until she was also looking at the fish.

"Yes, Cancer. It's a fish, remember? We came here too!" said Pisces.

"Come on, we better get back to the village. I'm a bit worried about worrying that we got lost. Again."

Chapter 3 by Evelyn

As they headed back to Akri, they heard a growing noise coming from the village. "Uh oh," said Pisces.

Pisces and Cancer sprint towards the village to find Leo and Aries yelling at each other. "Why would I steal your food?!" yelled Leo to Aries.

Aries tried to throw a punch at Leo but Leo ducked just in time. "Alright, that's enough," exclaimed Libra, pushing her way in between the two men, "I understand you both want to beat each other into a pulp but it is almost time for supper so could it please wait until after we've eaten?"

Grumpily, both men head to the dining hall joining the rest of the elves that were already there. Everyone sits down and enjoys their meal but in the middle of eating, Aquarius and Scorpio start arguing about whole wheat of all things. Eventually things calm down and everyone goes to their rooms and they fall asleep.

#### Chapter 4 by Kaily

In the morning, Cancer covered Pisces's eyes for "a surprise". Pisces followed her blindly for a while, until finally Cancer told her she could open her eyes. And when she did, a surprise indeed was waiting for her.

"What is this?" Pisces asked, looking down at the lake. Because inside of it was a creature like no other.

"It's a zodiac!" Cancer replied excitedly. "And it might be the last one. I tried to point it out to you yesterday, but you just missed it."

The creature looked at them intelligibly. It had large understanding brown eyes, the tail of a seahorse, and the body of a human. Its head was of a lion, and a very beautiful lion at that.

"What is a lion doing in the water?" Pisces asked, looking at Cancer. Cancer shrugged.

"Cross-breeding, I suppose," she said, looking sadly at the crea- the zodiac.

"What should we name it?" Pisces asked, becoming more and more attached to the zodiac.

"I like the name Mason," Cancer replied softly.

"Mason it is then. I would hate to leave Mason alone, but we have to get back to the village. It is

breakfast time and everyone will surely miss us.

Cancer grudgingly followed her but she kept looking back the whole time.
